Sounds good. Just called assessor's. She's gone for the day already. I need to take the surveys up to her office and shift the maps. Should've done that in the first place. This is how off all of your permissions might be, I'm afraid. Without surveys for each claim, it's just really tough to get it right.

Talk to you Monday.

Lisa – If you have any ideas of what else to check/compare, that would be great. Otherwise lets talk on Monday afternoon. Both Liza and I will be out of the office on Monday AM. thanks.

Larry – We are going on what Lisa Richardson, BLM has found in the assessor's office records. I can ask Lisa to review the maps and then we can get back to you. Thanks again for a quick response.

Hi Paula-

I do own the Bend but it isn't real near the Animas River. I don't think any of it is between the lower county road and the river. Do you have a map that says different?

Larry – Attached is a letter requesting access to your property along the Animas River for water quality sampling and an access agreement. I know this request doesn't give you much time but we would appreciate a quick response. Please feel free to give me a call if you have any questions. Thank you.
